SUMMARY

Enthusiastic Data Scientist with 2 years of experience analyzing complex datasets, training machine learning models, and building analytical report visualizations.

EXPERIENCE

Insight Analytics - Junior Data Analyst (2023 - Present)

- Analyzed large user datasets using Python, Pandas, and NumPy modules.
- Trained predictive regression and classification models using Scikit-Learn.
- Created data visual dashboards using Matplotlib, Seaborn, and Jupyter notebooks.

Research Labs - Graduate Intern (2022 - 2023)

- Conducted text preprocessing and sentiment modeling using NLTK and SpaCy libraries.

EDUCATION

Master of Science in Data Science - Boston University (2021 - 2023)

Bachelor of Science in Mathematics - Boston College (2017 - 2021)

SKILLS

Languages: Python, R, SQL

Libraries: Pandas, NumPy, Scikit-Learn, NLTK, SpaCy, Matplotlib, Seaborn

Tools: Jupyter Notebooks, Git, SQL Server
