

IVY WATSON

Senior AI & Machine Learning Engineer

Email: ivy.watson@email.com | Phone: +1-555-0110 | LinkedIn: [linkedin.com/in/ivywatson-ai](https://www.linkedin.com/in/ivywatson-ai)

SUMMARY

Innovative AI Specialist with 6 years of expertise building deep learning neural networks, natural language processors, and custom APIs in cloud runtimes.

EXPERIENCE

NeuraTech Labs - Lead AI Engineer (2022 - Present)

- Built NLP classifiers and model endpoints using Hugging Face, PyTorch, and Python.
- Developed high-performance API structures using FastAPI, Docker, and GCP.
- Implemented deep neural models using TensorFlow, Pandas, and NumPy pipelines.

ML Engine Corp - Backend ML Developer (2018 - 2022)

- Cleaned huge vector databases, built training loops, and ran evaluations with Scikit-Learn.

EDUCATION

Master of Science in Artificial Intelligence - Carnegie Mellon University (2016 - 2018)

Bachelor of Science in Computer Science - CMU (2012 - 2016)

SKILLS

Languages: Python, C++, SQL, R

AI Libraries: PyTorch, TensorFlow, Hugging Face, Scikit-Learn, NumPy, Pandas

Infrastructure: GCP, AWS, Docker, Git, REST API, WebSockets
